Hi Mike,

Thank you for sending the white paper to us for review & comment. The document seems to outline process points and when we get to specifics it would be good to discuss some pieces of it more precisely.

I made some comments in red-line strikeout and they are attached. Let me know if you have any questions or what to discuss any of them. I'm working until 2 today and until 2 tomorrow.

Thanks again!  
Erin

My apologies. I neglected to use track changes. If you want to see my proposed changes just compare the documents. Overall I thought it was good but there seems to be a few more things for us to include for our needs.

Take all my suggested changes with a grain of salt.
